The new “2023 China Ophthalmic Market Report” features updated market forecasts through 2028 now in Chinese yuan, expanded analysis of regulations, and more detail on five-year plan goals. The report now covers more Chinese companies, including more competitor profiles, in addition to providing more analysis of ophthalmic product candidates at Chinese pharmaceutical companies and a refreshed listing of companies with ophthalmic products in China.

Market Scope

2023 China Ophthalmic Market Report

The “2023 China Ophthalmic Market Report” covers all aspects of China’s ophthalmic market, providing a comprehensive overview of the Chinese population and economic conditions, discussing key strategic issues, studying disease prevalence, and analyzing surgical and therapeutic approaches, including both commercialized and pipeline products. The report analyzes unit demand and revenue, and forecasts future performance over the next five years. Competitor share is analyzed by product category and 32 competitors are profiled, with discussion of their products, strategic market position, background, and outlook. The following information is discussed in the report:

- Overview of China, including an analysis of population demographics, the Chinese economy, and China’s health care infrastructure.
- Disease prevalence data.
- Ophthalmologists, surgeons, optometrists, hospitals, and clinics.
- Surgical treatments.
- Surgical instrument and technology usage.
- Ophthalmic pharmaceutical treatment regimens.
- Five-year forecasts for market performance.
- List of companies with ophthalmic products in China.
